

CUMMINS BELLHOUSING

- **This SFI approved bellhousing lets you use your stock ring gear, stock starter, and master cylinder with no modifications**
- **Our unique mid-plate allows this bellhousing to be used on both 12 valve and 24 valve 1989-2002, and common rail engines 2003 and up**
- **Available in depths of 9.080 (stock depth), 9.75 and 10.50**
- **Also available for Ford Powerstroke 6.0 and 7.3**
- **This bellhousing can also be upgraded to a 6.3 SFI rating, which includes a liner and inspection window on the bottom**

**Hydroformed from Premium
Quality Steel Plate**

Diesel Truck Pulling
